TO THE CUSTOMERS OF THE DISTRICT )

CASE NO. 7933

I N T E R I M O R D E R

Preface

On August 1, 1980, the Sanitation District No. 1 of Marshall County, Kentucky, hereinafter referred to as the Applicant, filed with this Commission its duly verified application seeking: (1) a Certificate of Public Convenience and Necessity authorizing the construction of a proposed sewage collection system and the construction of additions and improvements to an existing sewage plant; (2) approval of the proposed plan of financing; and (3) approval of proposed rates for sewage services.

The case was set for hearing on the Construction and Financing aspects of the application at the Commission's office in Frankfort, Kentucky, September 19, 1980. All parties of interest were notified and no protests were entered. A hearing on the rates aspects of the application has been scheduled for November 11, 1980.

This Interim Order addresses the Applicant's construction and financing proposals in order to facilitate the award of a contract for construction of the proposed project. A subsequent order of this Commission will address the matter of the establishment of initial rates.

A copy of a letter from the Sanitary Engineering Division of the Kentucky Department for Natural Resources and Environmental Protection approving the Utility's plans and specifications for the proposed project is on file with this Commission.
